#### THE ANNUAL SUMMER CLEARANCE SALE OF BOYS' CLOTHING

About 400 Fine Suits, All From Our Own Stock, Offered the First Time Today-at Greatly Reduced Prices

The values in this clearance sale are such as should invite immediate purchases. The garments are qualities that no one will hesi-tate over before purchasing; there is no need for this, as every one is from our own stock-nothing better.

Choicest materials are represented—all-wool cassimeres, cheviots, worsteds, homespuns; in light and dark shades of tans, browns, and grays, comprising practically every weave and variation.

Styles are mostly Norfolks, consisting of a half dozen different models, distinctly individual in cut and design, but if we counted the many different points in the make-up we could register a great many more than half dozen; enough double-breasted models to satisfy demanding this style.

Emphasis is placed upon the desirability and correctness of the styles, the excellence of the makes, the exactness of tailoring and splendid fitting qualities. Every model possesses an excellent refinement appreciated by those who demand a degree of exclusiveness beyond that of the usual resources. Sizes 8 to 18.
